

TEKADCOR®

[illegible]

Technical drawing of a rectangular frame. The top edge is labeled with a dimension of 350. The bottom edge is labeled with a dimension of 115. The frame consists of multiple parallel lines, suggesting a multi-layered or reinforced structure.

The drawing consists of two views of a soundproof booth:

- Top View (Top):** Shows a rectangular booth with a width of 1220. The height is 440. A circular fan or ventilation unit is located on the left side. A label "Schallschutzkabinen" points to the top edge. A label "Revision" points to a door or access point at the bottom center.
- Side View (Bottom):** Shows the profile of the booth. The total height is 250. The base height is 125. The top height is 460. The width of the top section is 425. Labels include "Anschlußbox" (connection box) and "Platine" (plate) pointing to internal components. The "OUT" and "IN" ports are also indicated.
